Syllabus

I. Renaissance Art History: Students will study over 30 works of art from the Renaissance time period in Italy, Holland, Germany, Russia, and other areas of the world.

II. Art Projects: Each week students will reproduce a piece of art (or a portion of a piece of art) that they have studied in a variety of media.

III. Geography: Each week we will study geography by using puzzles, games and stories. First semester students will learn to draw, from memory, all of the countries in Central America, South America and the Caribbean. For the second semester we will draw Europe and various countries there because of their importance during the Renaissance.

IV. Literature: In class we will read classic works of literature from the civilizations we are studying and also study the lives of the different artists of this time period.
